

IIRS Outreach Programme

Live and Interactive classroom

Our university is now network institute of **ISRO – IIRS Outreach network**. IIRS Outreach Programme focusses on strengthening the Academia and User Segments in Space Technology & Its Applications using Online Learning Platforms.

Under this programme the two mode of content delivery system is developed using online learning platform (i.e) Live & Interactive mode (known as EDUSAT) and e-Learning mode. The live and interactive sessions will be conducted by experts from IIRS-ISRO and other knowledge Institutions.

The beneficiaries of the programme may include:

- Central/State/Private Universities & Academic Institutions;
- Central & State Government Organizations/Departments;
- Research Institutes;
- Geospatial Industry;
- NGOs

IIRS also conducts various theme oriented online courses and monthly webinars on recent topics on geospatial technologies and its applications. Users are encouraged to actively participate on these programs.

For more detail, please visit IIRS official website- www.iirs.gov.in

Interested Faculty and students (UG, PG and Research Scholars) can avail this excellent e-learning certified courses. All the participants will have an exciting learning experience in the field of Remote Sensing, GIS and GNSS technologies and their applications.

The details of the courses and registration can be found on the below link:
