

Women's Cell

Puducherry Technological University

Puducherry

The Women's Cell was established in the year 2014. From its inception, Women's Cell has always focused on activities, events, seminars and programmes that promote the general well-being of the girl students besides focusing on women's welfare and gender equality. To accomplish this, the Women's cell has been organizing various awareness programmes seminar cum competition on Women's Legal rights sponsored by the National Commission for Women (NCW). The Cell has always strived towards the notion of "inclusivity" as it strongly believes that a harmonious society is possible only when gender equality is established. Hence, it is pertinent that boy students are also included in activities and seminars and the Women's Cell ensures that it does so.

VISION

To synergize and enrich the inherent talents among the girl students and make them strong decision makers across all the fields thereby achieving reformation / empowerment in the society.

MISSION

- **To provide a safe and secure environment that will help the students to prosper and enable them to understand their roles and responsibilities**
- **To achieve legal and systematic change that addresses women's equality and equity in developing a progressive society**

The objectives of the Cell include:

1. To promote general well-being of female students and staff members
2. To make students aware of Gender equality
3. To instill values and leadership skills
4. To serve as a platform to exhibit the hidden talents
5. To groom their personality in all dimensions
6. To take care of personal and academic challenges by providing counseling
7. To create legal awareness about Women's welfare laws, health and hygiene.

The Motto of the Women's Cell is to

Educate, Equip and Empower

The activities of the Cell are organized all through the year keeping in line with the above mentioned objectives and motto. Women's role both in families, society and in the workforce is ever evolving and as women need to keep up the pace with the changes, Women's Cell acts as an interface. Besides activities, counseling and field trips the Cell functions with the objective of contribution to the society. The Women's Cell functions in the quarters with proper facilities which include indoor games and bedding facilities with a counseling room. It is note-worthy to mention that the Malar Team of the Women's Cell received the prestigious AICTE'S Lilavati Award 2020 (2nd Runner –up) for the overall theme "Women Empowerment". The award was presented on 11th April, 2021 at the AICTE Headquarters, New Delhi.
